

Health Declaration for Inbound Exchange Students

The purpose of this declaration is to ensure that information about your health is available to your student exchange at The Hong Kong Institute of Education (HKIEd). HKIEd will then be able to judge the support you may need and to take the necessary action if you feel ill. This declaration will be treated in confidence and the information it contains will only be released to those who need it to ensure your well-being.

Please list in the table below any medical condition which you have now or have had in the past which may affect your ability to participate fully in your student exchange. These may include physical conditions such as allergies, chronic illnesses, etc., or psychological conditions such as stress. Please explain in detail:

- i) The nature of the condition;
- ii) The effect it may have on your exchange at the HKIEd;
- iii) Medication you are required to take.

You may be asked to provide a letter from your doctor explaining that you are fit to spend an extended period abroad.

Note: It is essential that any medicines you carry with you (in your check-in or your hand luggage) are properly labeled. You may need to explain to the Customs in Hong Kong what the medicines are and why you need to take them.
